Login and password reset

1. Logging in to the B2B platform

After receiving your login and password for the B2B platform, go to <http://b2b.hendi.com> and fill in the appropriate fields, then click **Login**.

The screenshot shows the login page of the B2B platform. It features a white background with a light gray border. At the top, the word "Login" is displayed in a bold, black font. Below it, there are two input fields: "E-mail address" and "Password". The "Password" field has a small eye icon to its right. Under the "Password" field, there are two checkboxes: "Remember me" (unchecked) and "Don't remember the password?" (checked). Below these checkboxes is a large green button labeled "Login". Under the "Login" button, there is a link that says "You don't have an account?". Below this link is a gray button labeled "Create an account". At the bottom of the form, there are two links: "How does the registration process look like? →" and "FAQ →". Below the form, there is a footer that says "Need help? Contact our Customer Service. →".

2. Resetting the password to the B2B platform

While on the login page, click on the link **Forgot your password?**

This screenshot is identical to the one above, showing the login page. However, a red circle with the number "1" inside is placed over the "Don't remember the password?" link, and a black arrow points to it, indicating where to click to reset the password.

Moving to a new page, enter the email address to which the account has been assigned and click **Reset Password**. As confirmation we will receive an appropriate message.

A message with a link to the password reset page will be sent to the email address provided. Enter the new password and click **Reset password**. If you don't receive an email, please check your SPAM folder.

Set a new password

The password should contain at least 8 characters

Reset password 

If everything has been done correctly we will be taken directly to the main page of the B2B platform.

Home page

The screenshot shows the HENDI home page with several key features highlighted by red boxes and letters:

- A**: Toggle for "Main view" (switched on).
- B**: Search bar with a magnifying glass icon.
- C**: "Search multiple" button with a list icon.
- D**: User profile dropdown menu showing "HENDI b2b@hendi.eu".
- E**: "Latest orders" section showing a table of recent orders.
- F**: "Quick order" section with a "Browse" button.
- G**: "Credit limit" section showing the remaining credit limit.

Order ID	Customer	Amount	Status
B2B/PL/193308 02.09.2025 00:00:00	HENDI POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ	306,06 zł	Paid
B2B/PL/193294 02.09.2025 00:00:00	HENDI POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ	307,80 zł	Paid
B2B/PL/191793/BR 30.08.2025 23:40:47	Rafał Krzemiński	424,58 zł	New

After logging into the platform, you will be presented with the home page, where you can find, among other things:

- A) Change view mode** - the ability to change the page view from Main/Full to Simplified, which is limited to adding orders
- B) Product search engine**
- C) Search multiple** - allows you to search for several products by SKU at the same time.
- D) Customer panel**
- E) Listing with recent orders**
- F) Quick orders** - possibility to import products with their quantity from .XLS/.CSV file
- G) Credit limit** - information showing currently remaining credit limit

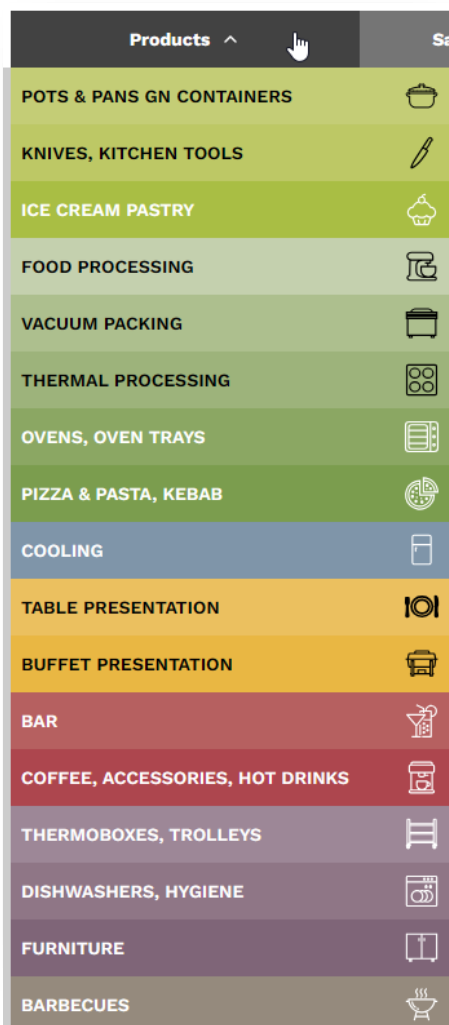

Product search

Hendi's B2B platform allows you to search for products in three ways:

- categories
- search bar
- search multiple module

1. Categories

To search for the product you are interested in, select the appropriate category from the list located in the menu under the **Products** button.

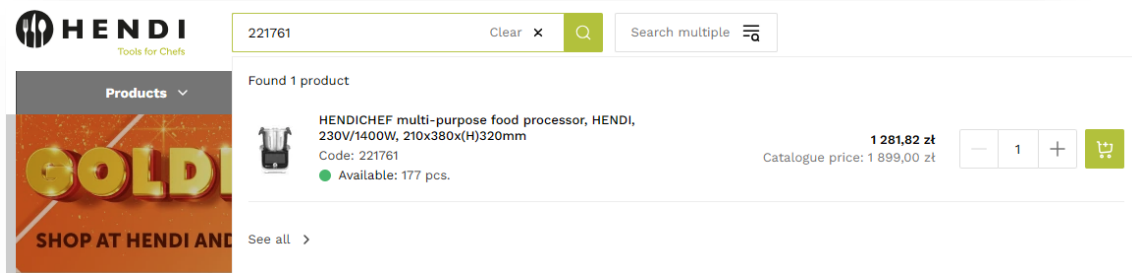

Did you know?

The category menu has been arranged according to the category list contained in the paper catalog.

2. Search bar

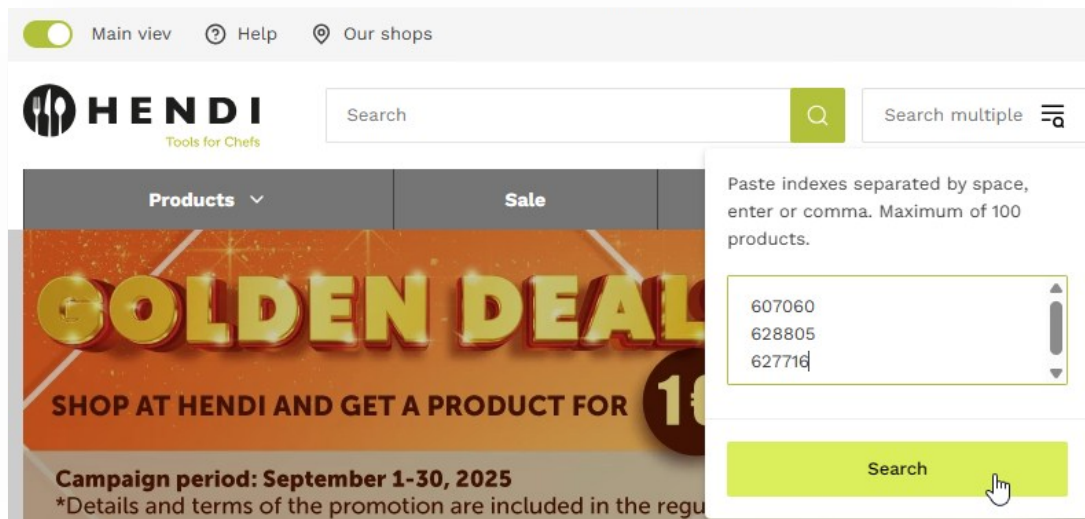

Another way to search for products is the "Search bar".

To find the product you are interested in, just enter the Product Code or Product Name in the field shown below and after a moment a hint of the product you are looking for will appear. After clicking **ENTER**, you will be taken to the search page.

3. Search Multiple

With this option, we can search for up to **100 products** by pasting their SKU (product code) separated by space, enter or comma.

Main view

The **Main View** option, located in the top left corner, allows you to switch the page layout from the extended version - which includes a banner, product search, and menu bar, etc. - to a simplified one

Simplified view is limited to displaying only the shopping cart, where we can add products and fully place an order.

Customer panel

The customer panel is our command center. Addition to the basic data of our company, available credit limit or addresses of our customers, we will find there several other important sections. The availability of each section depends on the user's current role.

1. Summary

Going to the Customer Panel, the first and at the same time the main page is the Summary section. Here we can find information about:

- A. Credit limit** - a breakdown of currently used and available funds and the amount of our total limit.
- B. Overdue invoices** - a table with unpaid invoices. Addition to basic invoice data, we have the option to download the invoice.
- C. Recent orders placed**

- Summary
- Order history
- Billing documents

2. Order history

Depending on your user role, order history is available either in FULL or only to the user placing orders. It is possible to search for an order by: product code, phone number, shipping number, order number, own order number, delivery address, email address, ordering user, payment status, order date, order type, and order status. By entering several pieces of information after the comma in the **Search** field, e.g., phone number and email address, you will get a more accurate result.

All invoices

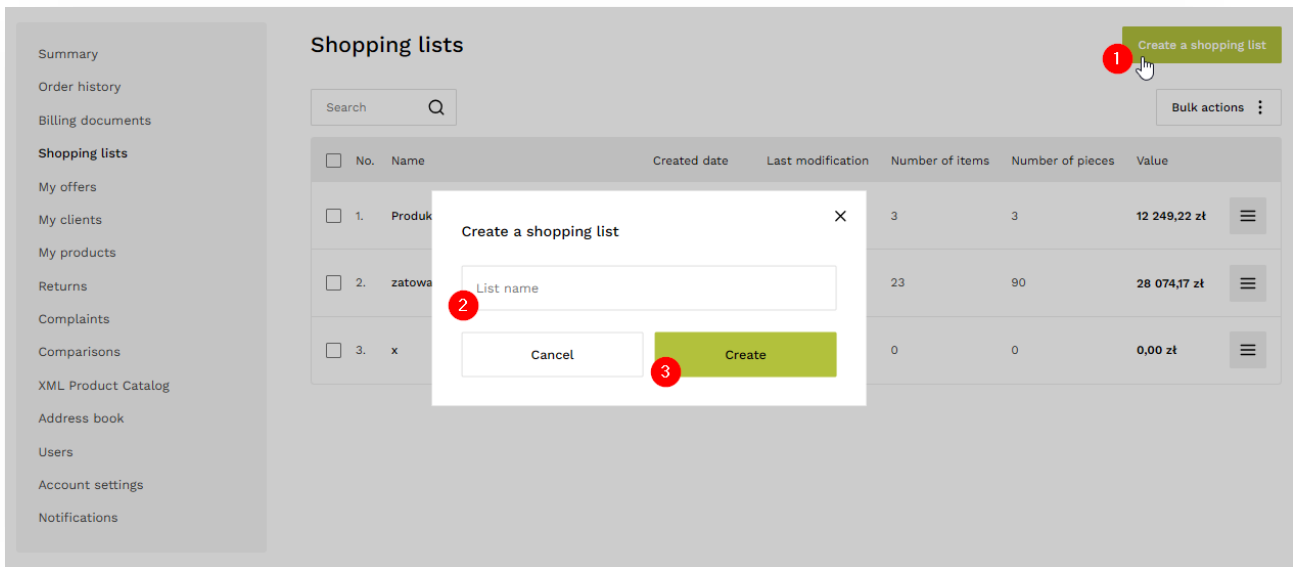

ⓘ You can submit a return or complaint from the details of the billing document.

Document	Address	Value	Payment term
Invoice FG/2025/07/00085 31.07.2025 Paid	Firmowa 12 62-023 Robakowo Poland	355,03 zł	2025-08-07

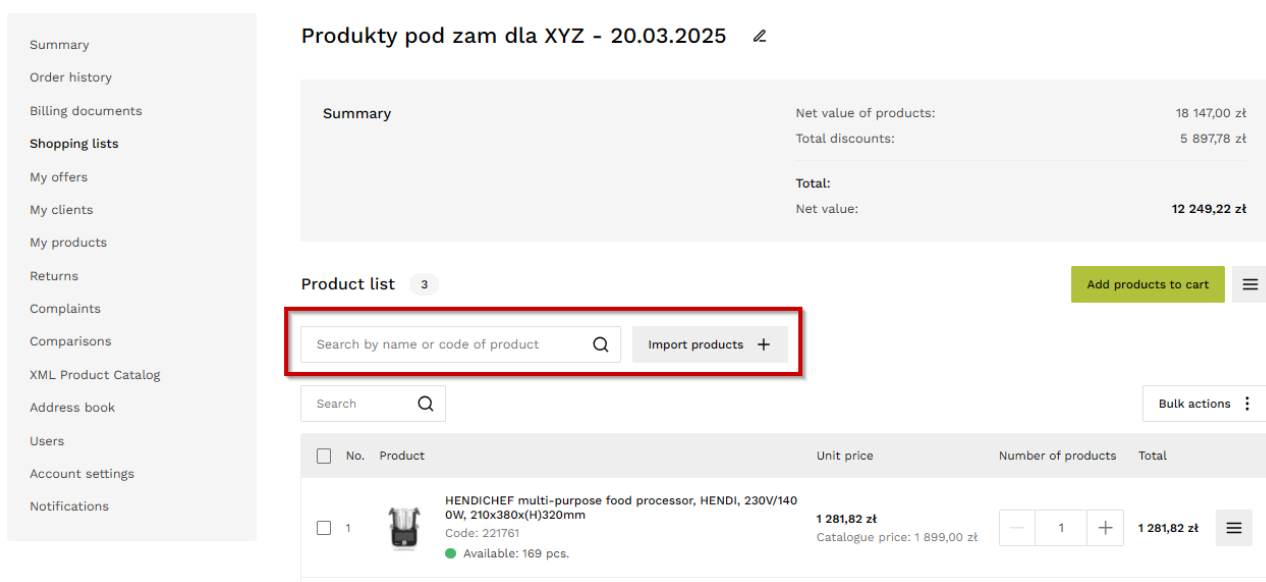

4. Shopping lists

If we have products that we frequently order or we have end customers for whom we often fulfill a similar set of products, we can use the option of purchasing lists. To create such a list, click

Create Shopping Lists, then provide a list name and click **Create**.

After creating the list, we will be taken to a page where we can add products using the search engine or importing products from a file.

The added products are automatically saved to the shopping list. To add products to the shopping cart, we click **Add products to cart**. We can add to the shopping cart all products from the list or only those which we have previously selected.

from the listing, we can manage our shopping lists by:

- **edit,**
- **add products to cart,**
- **duplicate list,**
- **delete list.**

Context menu options:

- Edit offer
- Duplicate offer
- Delete offer

6. My clients

In order to prepare a full offer for our client, we need to add him to our client base in advance. This can be done while creating an offer or from the **My clients** section.

To add a new contractor from My Contractors, click **Add client**, then fill in the address information and click **Save**.

7. My products

When building an offer for our customer, we can use HENDI products as well as our own products that come from our warehouse. We can add such products individually, product by product, or by importing a previously created .XLS/.CSV file.

To add products individually, you need to click **Add Product**, then fill in product data including photo and click **Save**.

Tools for Chefs

- **Product code**
- **Product name**

11. XML product catalog

From the level of this section, we can download data with products and their inventory in the form of an XML file. An additional option is to copy a direct link to view the data from a web browser, or to pass the link to your own store system to automatically update the data.

To generate a new XML file, click **Generate XML** and wait until a window appears with the with a choice of where to save the file.

The screenshot shows the 'XML Product Catalog' interface. At the top, there are two sections: 'Product catalog:' and 'Stock levels:'. Each section has a 'Download XML' button and a 'Copy the XML link' button. Below these, there are three dropdown menus: 'Select a category', 'Select flags', and 'Polski złoty'. A green 'Generate XML' button is located below the dropdowns. At the bottom, there is a notification bar that says: 'XML file - Download the file without updating. The file changes are updated daily at 00:00, 06:00, 12:00, 18:00'.

To obtain a link to the XML file with products and stock levels, click **Copy XML link**. You will receive a notification confirming that the link has been copied. You can then paste the link into your browser or into your store system, which will download the new data.

This screenshot is similar to the previous one, but it includes a dark notification bar at the top right that says '✓ Link copied to clipboard'. A mouse cursor is shown clicking on the 'Copy the XML link' button under the 'Product catalog:' section. The rest of the interface, including the dropdowns and the 'Generate XML' button, remains the same.

However, if our system is configured to download data from two files - separately for products and stock levels - you must also click **Copy XML link** next to stock levels.

This screenshot shows the 'XML Product Catalog' interface with both 'Copy the XML link' buttons highlighted. A mouse cursor is clicking on the 'Copy the XML link' button under the 'Stock levels:' section. The 'Product catalog:' section's 'Copy the XML link' button is also highlighted. The notification bar at the top right says '✓ Link copied to clipboard'. The rest of the interface is identical to the previous screenshots.

12. Address book

In the address book you will find delivery and pickup addresses. Additionally, from this level we can:

- add new delivery addresses
- set the default delivery address
- set the default email address for sending WZ documents (delivery notes)
- add a new pickup address

To add a new delivery address, click **Add delivery address**, then fill in the data and click **Save**.

To set the default delivery address, select the **Set as default** option next to the appropriate address.

Delivery addresses					Add your delivery address

To **add a new goods pickup address**, go to the bottom of the page and click **Add pickup address**. Then complete the address details and click **Save**.

The screenshot displays the HENDI interface with a modal window titled "Add location address" (marked with a red circle 2) open over the "Pickup address" section. The modal contains the following fields:

- Country: Poland (dropdown menu)
- Company name
- Phone Number
- Street address
- Street No. and Local No. (split fields)
- ZIP / Postal Code and City (split fields)
- Buttons: Cancel and Save (marked with a red circle 3)

In the background, the "Add pickup address" button (marked with a red circle 1) is visible in the bottom right corner of the page. The page also shows a "Delivery address" section and a "No saved pickup addresses" message.

13. Users

From this section, we can add new users and edit already created accounts.

To add a new user, click **Add user**, then enter the user's data and assign the appropriate role.

Available user roles:

Role	Owner	Manager	Viewer	Accountant	Salesperson	Offer	Client	Export Client

14. Account settings

In this section we have information about our account. It is possible to change the data and password for the account.

15. Notifications

In the notifications section, we have the option to enable/disable receiving an email notification when a status change is made for orders and return and claim requests. Simply flip the switch next to the notification in question to enable/disable it.

The screenshot shows the 'Notifications' section of the HENDI account settings. On the left is a sidebar menu with the following items: Summary, Order history, Billing documents, Shopping lists, My offers, My clients, My products, Returns, Complaints, Comparisons, XML Product Catalog, Address book, Users, Account settings, and Notifications (which is highlighted). The main content area is titled 'Notifications' and contains a section 'Notifications about order status changes'. This section lists ten status changes, each with a toggle switch: New (enabled), In progress, Label created, Shipped, Completed, Cancelled, Paid, Prepared, and Closed (all disabled). A green 'Save' button is located at the bottom right of the notification settings area.

Creating orders

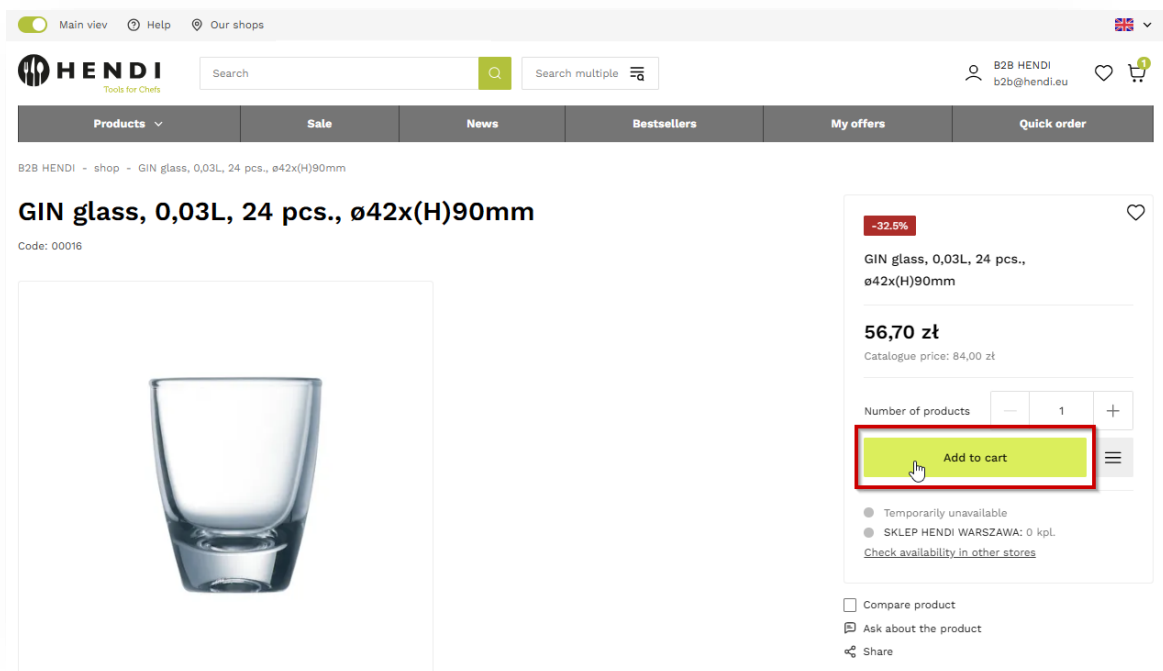

1. Adding products to the cart

Adding products to the shopping cart is possible from:

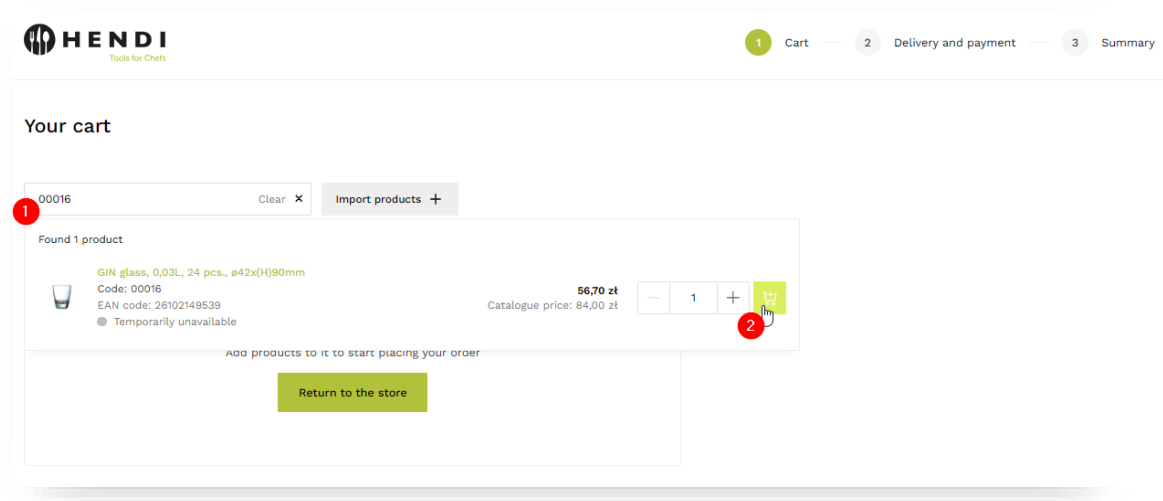

A. product listing

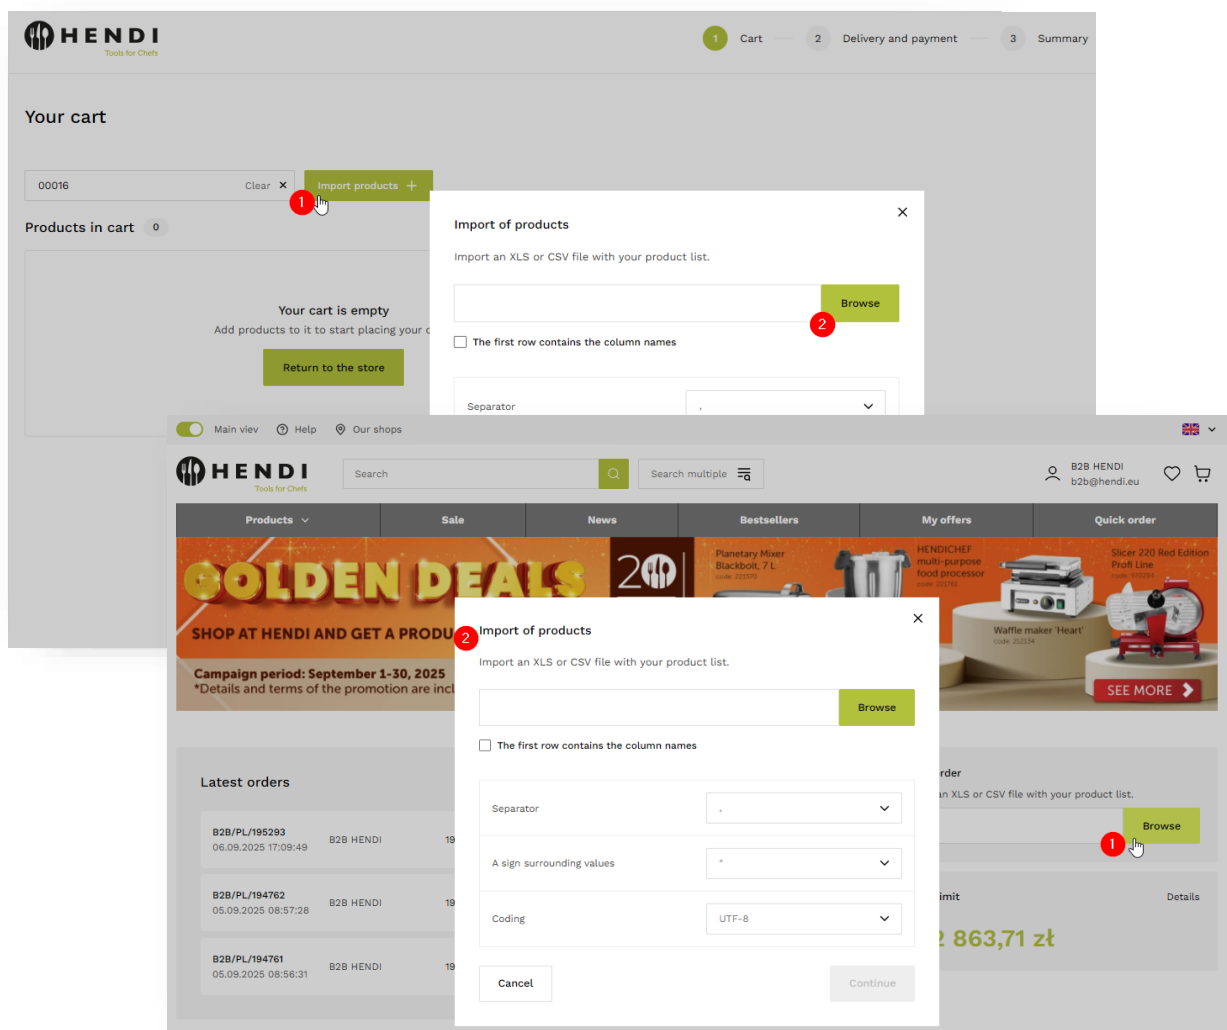

B. product card

C. cart

D. An additional option is to import a ready-made .xls/.csv file from either the shopping cart or homepage level

In order for the products to be correctly imported into the shopping cart, you first need to create an .xls/.csv file, in which you create two columns with the product code and the quantity you want to add to the cart. For example, we can call the columns "code" and "quantity".

	A	B
1	kod	ilość
2	MKF511SKKPU	2
3	221761	2
4	208984	5
5	471005	15
6	507025	10

From the shopping cart or home page, we click **Browse** and select our previously saved file.

Import of products

Import an XLS or CSV file with your product list.

Browse

☐ The first row contains the column names

Separator: ▼

A sign surrounding values: ▼

Coding: ▼

Cancel **Continue**

If in our file we have added a column aisle in the first row, we check the option **The first row contains the column names** and we click **Continue**.

On the next view, we point to the sheet from our imported file in which the data is located and check if the field names are properly mapped with the columns in our file. If everything agrees then we click **Continue** and wait for the products to be imported.

Import of products

Import an XLS or CSV file with your product list.

Browse

☒ **The first row contains the column names**

Add products to cart
 Cancel

After clicking **Add products to cart**, we will be taken to the cart with the products we selected.

2. Division of orders into available, out of stock and unavailable products in a given country

The order can be divided into up to 3 parts due to the products:

- **Available** - products available in our stock
- **Missing** - products that we currently do not have in stock (/BR)
- **Unavailable in a given country** - products that are not available for sale in a given country (/CSR)

The relevant information will appear in the shopping cart:

Your cart

ⓘ Your cart contains products that are unavailable in your country

ⓘ Your cart contains products that are currently out of stock

Select one option below for products available in your country:

☐ I want to order only products available in stock
☐ I want to order both available and unavailable products

Choose order options for products unavailable in your country:

☐ I don't want to order products unavailable in my country. I'm ordering only those available in my country
☒ I want to order products unavailable in my country - only those in stock
☐ I want to order products unavailable in my country - both in stock and out of stock

Addition, the products can be seen in one table

Addition, an order confirmation will be sent to the email address assigned to your account. The same confirmation is received by the HENDI account manager.

Creating offers

To create a new offer for our customer, click **My Offers** from the main menu and then **Create Offer**. Then enter **the Name of the offer** and click **Create**.

We will get a new page where we fill in the data needed to prepare the offer.

We can limit our offer by time or leave it until cancellation. To set the expiration date for our offer, click **Expiration** date and then select a date.

Next, **we select the contractor** for whom we are preparing the offer. Choose a contractor from the list of previously added contractors or create a new one.

The screenshot shows the 'Moja oferta' (My offer) form. At the top, there are fields for 'Offer no.' (5/09/2025), 'Creation date' (2025-09-10 11:37:48), and 'Latest update' (-). Below this is a 'Client data' section with a green 'Select a client' button, which is highlighted with a red circle '1'. To the right, a modal window titled 'Select a client' is open, featuring a dropdown menu (highlighted with a red circle '2') and an 'Add a new client +' button (highlighted with a red circle '3'). At the bottom of the modal are 'Cancel' and 'Select' buttons. The background form also has a 'Products' section with a count of 4 and a search bar.

When adding a new contractor, enter the required data and save.

The contractor will be automatically added to our offer.

The screenshot shows the 'Add client' modal form. It contains the following input fields: 'Company name or full name', 'Street address', 'Street No.', 'Local No.', 'ZIP / Postal Code', 'City', 'VAT number', 'E-mail address', and 'Phone Number'. At the bottom, there are 'Cancel' and 'Save' buttons.

The offer can be supplemented with **HENDI products** and/or **non-HENDI products** (instructions on [page 14](#)).

Products 0

No products in stock
Add products to ther offer.

Products outside Hendi's offer 0

No products in stock
Add products to ther offer.

HENDI products are added in a similar way to adding products to the shopping cart - use the **Add product** option and then select the products you are interested in, or use the **Import products** from a previously created .xls/.csv file

After adding the products, we can set the discount for our customer as well as the number of products we currently want to sell. Offer summaries are available below both sections.

☐ Other address than contractor

The following message will appear as a confirmation appropriate message. Addition, to our address e-mail address will be sent a confirmation of of the claim notification.

If we want to report the return of another product for the same order, just click **Make complaint**.

A screenshot of a confirmation message from HENDI. At the top, there is a green circle with a white checkmark. Below it, the text reads: "Your complaint has been reported." followed by "We have sent confirmation of your complaint along with details to your e-mail address. Check your inbox." Then, it asks: "Would you like to submit a complaint about another product for the same order?" Below this is a green button labeled "Make complaint". Further down, there is a box containing "Complaint Number: RMA/PL/111126" and "Complaint status: Otwarte". Below this box is another section titled "Do you have questions?" with two contact options: a phone icon next to "+48 61 658 70 00" and an email icon next to "b2b@hendi.com". At the bottom of the form is a green button labeled "Return to the store".
